December 22, 2003

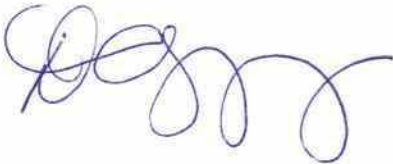

Dear Bob,

Thank you so much for such an entertaining evening. We have received very favorable responses from the team... everyone had a great time.

I especially appreciated your willingness and ability! to work in such an unusual location. Despite the noisy restaurant and surrounding activities you were able to successfully hypnotize several subjects (me included). I was sure the night would end in disaster once I saw location for our function and I was doubly sure that I would never be able to be hypnotized. You proved me wrong on both accounts!

I look forward to working with you again in the future.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Deb Gregory', with a stylized, cursive flourish at the end.
